

ADAM

Adam is a chair with infinite areas of application and multiple combination possibilities – for conferences or breaks. The chair has a neat and strict design and is connectable and stackable. Furthermore, it is very light due to the choice of material and construction method. Seat and backrest of compression moulded birch veneer or in white or black melamine. Non-upholstered, upholstered seat, upholstered seat and inner back or fully upholstered. Tubular steel legs in chrome or silver grey powder coating. Adam is also available as a bar stool.
