

## TRIAD

Triad's classical and characteristic tripod is based on a round foot plate with three circular cut-outs. The threepronged metal pedestal stands securely also on uneven floor surfaces. The circular cut-outs in the floor plate give additional space for chair legs. The foot termination is made of specially cast plastic and lifts the foot slightly above the floor. The tables are available in heights from 475 to 1075 mm. Tabletops in birch or oak veneer, birch or white HP laminate.

## VARIANTS

	<b>W</b>	<b>D</b>	<b>Ø</b>	<b>H</b>
	700 mm	350 mm		475/605/720/875/1075 mm
			450 mm	475/605/720/875/1075 mm
			600 mm	475/605/720/875/1075 mm
			900 mm	605/720/875 mm
	1400 mm	700 mm		720/875 mm
