

## ELEPHANT

The design of the Elephant bar stool/bench reminds us of the stools used in circuses. It has a very robust design and, as it looks the same from all directions, a configuration with Elephant always looks good. The Elephant bar stool is available in three heights with upholstered seat in fabric or leather. Elephant bench Ø1220 abd H430mm with upholstered seat in fabric or leather.

## VARIANTS

	<b>Ø</b>	<b>H</b>
	480 mm	430 mm
	480 mm	630 mm
	480 mm	780 mm
