jesper

# jesper

The education chair Jesper is suitable for pupils from approx. 11 years and up and suits table heights between 730–890 mm. The sitting height is adjusted with a gas spring. The seat and back are made of moulded beech or birch and can be fitted with padded, washable covers for greater sitting comfort. Jesper has a name-plate on the reverse of the backrest, can be hung from a tabletop and can be fitted with an adjustable footrest.
